Known to all as Nerry, I am a diligent, energetic and enthusiastic nurse currently employed as a Nurse Prescriber within a busy NHS GP medical practice. I have 35 years experience providing expert nursing care to patients undergoing a wide array of interventions.

I am conscientious, organised and committed to improving my standards through Continual Professional Development.

However, I now wish to take my career in a direction which offers me more personal freedom. I am looking for roles which involve considering more flexible agency work and service provision with patients via other modern media (online, telephony etc).

### **Current employment** (2010 – currently, to date)

Oakham Medical Practice,  
Cold Overton Road,  
Oakham,  
Rutland  
LE15 6NT
